

# PE and School Sport Premium

## *Plans for expenditure 2017 2018*

### **PE and School Sport Premium**

The government in England is continuing to provide additional and substantial, ring-fenced funding to provide support to primary PE and school sport. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school to spend on improving the quality of physical education and sport for all their children. This Academic year, the funding has increased to reflect Government priorities: £19,560

### **Vision - Government**

All pupils leaving primary school physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy lifestyle and lifelong participation in physical activity and sport

### **Vision – School**

The school mission statement is “Helping each other to believe in ourselves, inspire achievement and create bright and successful futures”. We aim to promote this through the provision of high quality PE and school sport, enabling all pupils to develop fundamental skills, experience a wide range of sports and celebrate success at all levels.

### **Objectives**

- 1) To achieve self-sustaining improvement in the quality of PE and sport in primary schools.
- 2) PE and School Sport play an important part in contributing to our school vision. All classes follow the REAL PE which is being embedded within the school and is a solid foundation through which the children can use the transferable skills in other subjects and areas of school life.
- 3) To encourage sustainable positive attitudes towards physical activity
