

Dear parents

In Year 4 and above, we teach children Maths in groups to enable them to learn more precisely to their mathematical needs. We feel that this would also benefit our children in Year 3, so next term, we will group the children into two Maths groups, which may mean that your child is now being taught Maths by a different teacher than they have been.

Please don't be alarmed by this - all children will continue to follow the Year 3 Mathematics objectives, but the groupings will allow pupils to learn at the right pace for them with a strong focus on the children's individual needs. The groupings are very fluid, and we will monitor the children's carefully to ensure that they are in the right place to make the best progress.

If you have any questions at all, please don't hesitate to contact myself or a member of the Year Three team.

Many thanks for your continued support,

Tracey Coles
Principal
