

Dear parents

Are you looking to volunteer and give something back to the community? Would you like to be a governor in our school? Do you know someone who might want to be a governor here at Parklands?

As part of our annual skills audit, we have established a number of areas where we lack expertise as a governing body, and therefore we are keen to add co-opted members to our governing body number with people who have one or more of the following skills:

HR

Marketing/Advertising/Media

The Arts

Law/Legal background

If you are interested and have one of the skills above (or can share this with someone else who may be interested – this is not a parent governor role, so does not need to be a member of our parent community) please contact [claire.clayson@prestonhedges.org](mailto:claire.clayson@prestonhedges.org) to register an interest, and book an appointment with our Chair of Governors, Liz White, who will share with what being part of the governing body at Parklands is like.

Many thanks

Parklands Local Governing Body.
