SUMMER EVENTS

We are hoping, if government restrictions continue to lift, we will be able to plan in some of our delightful summer events, including some form of Sports day! We will continue to update you based on the latest government guidance.

LABS

Thank you to anyone who attended our Trust LAB information evening. We hope anyone who attended found this helpful and informative.

PTA

It was fantastic to see the level of interest in our new school LAB. There will be further opportunity to be involved within our school community through our PTA. Further information about how to be involved in this will follow soon.

PARENTS EVENING

Thank you to everyone who was able to attend our virtual parents evening at the start of term. If you were unable to attend a parents evening and would like to speak with your child's class teacher, please contact the school office and we can arrange a time for the class teacher to give you a call.

A FAVOUR.....

As we continue to improve and develop our school environment, we would greatly appreciate any helpful links our community may have within construction or landscaping, these could be hugely beneficial in helping us to make further improvements

to the school environment. If you feel you may have a helpful link in this area, we would really appreciate you getting in touch with the school office. We are currently working hard to improve our reception outdoor classroom, we recently completed our Reading courtyard, which the children are already enjoying in the warmer weather!

KEY DATES

Thursday 13th May – Year 1 Japan celebration day

Friday 14th May – Class photos

Monday 17th May – Individual school photos

Monday 31st May – half term

Monday 7th June – Children return to school

Take care and have a wonderful weekend!

A few highlights from the last few weeks!

Reception have been making some beautiful artwork inspired by the jungle environment.

Year 1 have been learning all about different parts of plant in their science lessons!

Year 5 have been learning about tourism in the Caribbean on their own mini beach!

We have been working hard to perfect basketball skills!

Year 2 have been fabulous artists – exploring primary and secondary colours.
