

May 2026: Important update – Online Allergen & Special Diet Process

Dear Parents/Guardians,

As part of our continued commitment to improving our catering services and moving with the times, we are pleased to say that our allergen and special diet process will now be moving online.

To ensure we hold the most up-to-date information for all pupils requiring a special diet menu, we kindly ask that parents/guardians who currently receive a special diet provision complete the online form.

[CTL - Food Allergy & Intolerance Form V2](#)

If your child is already receiving a special diet menu and there are no changes to their allergens or dietary requirements, please select choice:

“Already being catered for – no change to allergens.”

When completing the form, we ask that forms are completed by the end of the current school year in July 2026. This will allow us to create a full database of pupils with allergen and special dietary requirements ready for September 2026 onwards.

Having centralised online system will help us to improve efficiency, enhance communication, and ensure we continue to provide safe and appropriate meals for all pupils.

We appreciate your support and cooperation with this important update.

Kind Regards

Caterlink Catering Team
